Look at What They’re Saying!

The material was taught in a professional manner, and they translated 100% into the “real world”. It was worth every hour of my time.

Rolf Sasse, Owner
SATEC IT - Consulting

Western Technical College has provided timely, affordable and competent training for most of our Health Information Specialists with a vision toward professional certification. This has provided remarkable value for the institution as well as the individual specialists.

Steven M. Wagner
Managing Director of Business Operations
Texas Tech University
Health Sciences Center

Western Technical College’s staff and facilities have afforded my clients the perfect learning environment. They are an invaluable El Paso skilled employee education resource.

Ron Robertson
Managing Partner
Sun Contracting Solutions
