"Who to Ask at Western Tech" Located in Back of Student Handbook

Revised: October 4, 2012
INTRODUCTION

Western Technical College has several thousand employers and other guests on campus every year. They visit almost every day. They come to interview and hire WTC graduates. That will be YOU sooner than you realize. What kind of impression do you want to make on the person that will be signing your paycheck? All these college policies that you are about to discuss are about what kind of impression you want to make on the person who will someday be interviewing you for your first job out of college. What kind of impression do you want other students to make on that person?

Let’s take a couple of hypothetical examples:

1) **Employer A** needs some techs and has heard good things about Western Technical College. After a phone call to our Career Services Department he is very excited to visit and tour the college and interview some students. As he pulls into the driveway to the college he sees the impressive campus and thinks, “Wow, this is the real deal!” He is greeted by the front desk staff and Lovely Lolita from career services shows him around the school. He sees students in classrooms equipped with the latest in teaching technology and students who are really engaged in the learning process. He sees real world equipment in the professionally equipped shop and lab areas, but most of all he sees students who are dressed like professionals and who are busy with their projects. They appear to be learning about how to take care of customers’ equipment. He interviews several and extends job offers to them. They accept the offers and have interesting, good paying careers and the employer returns many times over the years to WTC and hires dozens of grads for great jobs. Bottom line - You win - everyone wins!

2) **Employer B** has a different experience. When he drives on campus he is almost hit by a student driving recklessly in the parking lot. As he walks up to the front door he encounters a group of students laughing, talking and smoking as they “hang out” in front of the building. He has to say “excuse me” as he tries to get to the front door. During his tour he sees students with their shirt tails out and their clothes look like they hadn’t washed them for a month. Some students are working on their projects but others are standing around talking and wasting time. As he passes the classrooms he sees a student sleeping and another looking at inappropriate material on his computer. His impression of WTC students is very negative and the outcome is entirely different from that of Employer A. Instead of hiring dozens of students over many return visits, Employer B leaves here believing he doesn’t want people like the ones he saw here working for him, and so he goes somewhere else to find his employees. Bottom line - You lose - everyone loses! But you, the student, lose the most because you lose the entire reason you came to school here.

You have a lot of control over what kind of experience employers and other visitors have at Western Tech. The following policies are guidelines to help us make the kind of impressions you want to make on them so they will hold the college in high esteem and hire graduates from here. Please do your part by having the good sense and maturity to abide by the policies and encourage others to do the same. Their actions affect your future and your career.
PURPOSE

The sole purpose of all college policies is to ENCOURAGE students to maintain the STANDARDS OF PERFORMANCE necessary for them to be EMPLOYABLE following graduation and not to drop them from college unless they are unwilling or unable to perform at required levels.

ATTENDANCE

In order to better prepare students for employment, it is essential that absenteeism and tardiness be kept to an absolute minimum. WTC strives to enforce attendance policies which require students to regularly and punctually attend class.

All absences and tardiness are recorded regardless of the reason. A full day of absence will be charged when a student does not attend any of the scheduled classes on that day. A partial day of absence will be charged for any period of absence during the day. Students that are late or fail to come to class are required to contact their Instructor and/or Program Director if they are absent or late. Failure to do so may result in loss of professionalism points up to suspension. The infraction and the discipline are at the discretion of each department.

The college will evaluate each student’s attendance at the end of each course. In cases of excessive absenteeism or tardiness, the college may take disciplinary action prior to the end of a course.

Students who miss more than 15% of their scheduled classes after the first course will be placed on attendance probation for the following course. A student missing over 15% of scheduled classes during the probationary course may be terminated from the college. Students who fall below the 15% during the first course of their program will be dropped due to not meeting the cumulative attendance percentage requirements. Additionally, a student is at risk of being terminated when his/her absences exceed 15% of the total cumulative hours in the program. Authorized Leaves of Absence (LOA) will not be included in the attendance percentage of a course.

Any student who is absent five (5) consecutive college days without an approved leave of absence will automatically be terminated.

Any student who is terminated for unsatisfactory attendance may not re-enter college before the start of the next grading period, and will only be readmitted if the factor(s) contributing to the poor attendance has been resolved to the college’s satisfaction. A student who was terminated for violating the attendance policy and that is readmitted will be placed on attendance probation for at least one course.

Students missing 30% of an entire course will be required to retake the course in its entirety. Students entering the classroom after initial roll call will be charged an hour for being tardy. Students returning from break late will also be charged one hour.

College holidays and scheduled annual breaks are not considered days of absence. However, the Veterans Administration regulations require that all scheduled school breaks be reported.
WITHDRAWAL

If a student should elect to withdraw from his/her program for any reason before the completion of his/her training, the student is required to inform Western Technical College in writing, of his/her intentions. Notification must be delivered to the college director prior to withdrawing.

DROP & TERMINATION / READMITTANCE

Students who have dropped from the college or have been terminated for violation of the College policies and standards, attendance or academic issues may request consideration for re-admittance by writing a letter to the School Director specifically explaining the following:

1. What variables prevented them from maintaining satisfactory attendance, academic requirements or adhering to the WTC policies and standards?
2. What has been done to correct the issue(s)?
3. What can the college expect from the individual if allowed to return?

Students will only be allowed to restart once during the duration of their program. The student must also be able to demonstrate that he/she has the financial resources to complete the program.

APPEALS

Depending on the nature and severity of a situation, student(s) may be terminated due to a violation of WTC rules including, but not limited to, theft, cheating, illegal drug or alcohol use, inappropriate behavior, or behavior that jeopardizes the safety of others, and academic or attendance issues.

A student has the right to appeal a decision if he/she has been terminated from the college. The appeal must be submitted in writing to the Campus Director within 10 calendar days of the date of termination. Once the appeal letter is received a panel will be assembled to hear the appeal. Other College officials may also be called upon to express a voice in the matter. The student(s) will be notified in writing of the appeals panel decision within (5) days.

SCHEDULED ANNUAL BREAKS AND COLLEGE HOLIDAYS

- Martin Luther King Day
- Spring Break Week
- Good Friday and Preceding Thursday
- Memorial Day
- Summer Break- Week of Federal July 4 Holiday
- Labor Day
- Veterans Day
- Week of Thanksgiving
- Christmas Break- Two weeks preceding the Federal New Year Holiday
- Two In-service days

LEAVES OF ABSENCE (LOA)

A leave of absence (LOA) is a temporary interruption in a student’s program of study and should only be requested in emergencies and extenuating circumstances including but not limited to; medical reasons, military service, or jury duty. All requests for a LOA must be submitted in writing, to the student’s Program Director and Registrar and must be both signed and dated by the student. Written requests for leaves of absences shall include the reason for the request and the amount of time needed. All
LOAs must have prior approval by the students’ current instructor and Program Director. The Academic Dean or School Director may approve an LOA in the absence of the Program Director.

Leaves of absence shall be reasonable in duration, preferably not to exceed 45 calendar days. Western Technical College highly discourages any requests for an additional leave of absence; however, WTC may grant more than one LOA in the event that an unforeseen circumstance arises, such as medical reasons, military service, or jury duty. The LOA, together with any additional leaves of absence, must not exceed a total of 180 days in any 12-month period.

Students who are on an approved LOA, not exceeding more than 30% of their current course, will have time to make up missed course work. If an LOA exceeds 30% of the student’s course, it will be left to the discretion of the Program Director whether the student may attempt to complete the required make-up work and challenge the course exam for credit. If the Program Director does not approve such an attempt or if the student fails to pass the challenge exam, the student will be required to retake the course in its entirety. Due to the sequential nature and prerequisites of many of the courses in each respective program, students may be required to return to the same point in their studies in which they began their LOA. According to the discretion of the Program Director and contingent on course scheduling and availability, the student may be required to: (1) audit classes until they can return to the point of study in which they began their LOA, (2) attend a different schedule, or (3) double class loads by attending multiple schedules.

All Students-
- Retaking a course may affect the student’s graduation date and depending on course schedules and availability, may require the student to change class schedules for the remainder of their training.
- Students on a LOA remain in Active Status; therefore, they are still obligated to maintain payments due to WTC.

Students on Leave of Absence remain in Active status; therefore, they are still obligated to maintain payments due to Western Technical College.

In order to graduate, a student’s accumulative absences (not including Leaves of Absence) must not exceed 15% of the total program hours.

Massage Therapy Only: Students enrolled in the Massage Therapy Program are required by the Texas Department of State Health Services (TDSHS) to attend 100% of the program. Therefore, all absence time must be made up. No more than 15% of the total program hours can be made up or 15% of a portion of the program if the student enrolls in less than the total minimum 500 hour requirement. Make-up work shall not be authorized for the purpose of removing an absence. All make up time shall me bade up no later than five (5) scheduled school days after date of absence. Failure to make up time within the allotted time frame will affect student’s final grade for that grading period. Late arrivals to class will constitute an absence for the amount of hours missed. There are no grace periods. Students missing 30% in an entire course will be required to take the course in its entirety. The course may be taken in a different class schedule and/or upon availability.

A student entering the classroom after initial roll is taken, and/or upon returning from late from break, will be required to make up the time missed. There is no grace period for late arrivals.

Massage Therapy Specific Requirements
Standard WTC protocol will be followed in regards to the Attendance and Leave of Absence policies, however with some variations that are specific to the Massage Therapy Program. Those variations can be found in the Massage Therapy Program section of the WTC school catalog and on the WTC website, www.westerntech.edu.
Addendum to student attendance policy

WTC trains students for employment, therefore WTC strives to enforce attendance policies that require students to attend classes regularly and on time, otherwise there are consequences. Students that are late or fail to come to class are required to contact their Instructor and/or Program Director if they are absent or late. Failure to do so may result in loss of professionalism points to suspension. The infraction and the discipline are at the discretion of each department.

VETERAN LEAVE OF ABSENCE POLICY

All LOAs requested by Veterans must be approved by the Program Director and the VA Certifying Official at both campuses. Any student requesting a Leave of Absence (LOA) will be notified that their veteran benefits may be suspended until they have returned, which at that time, the veteran will be reinstated and recertified. If a veteran requests an LOA in the middle of the course, the veteran will be responsible to pay back the money received for that course if the grade results in an incomplete. Furthermore, upon recertification, it will take two (2) months for the Veterans Affairs office to get the student back into the system resulting in a delay of the first payment.

Veterans are encouraged NOT to take an LOA in the middle of the course but rather at the end of the course.

ATTENDANCE SYMBOLS

Below is a list of symbols used by instructors to document attendance for students. Attendance is recorded by the instructor and posted administratively on a daily basis.

P - Present
S - Status
W - Withdrawn
RE - Re-Entered College
TR - Credit for Previous Education and Training
A - Absent

**ITEM #1** The heading of the progress and attendance report identifies the report as such and gives the name of our school.

**ITEM #2** This item reflects the start and end dates of the grading period.

**ITEM #3** This information identifies the student as the recipient of the report by name, student identification number, and date of birth. This also indicates the program in which the student is enrolled, the student’s start date, and completion date.

**ITEM #4** This item lists the phase in which the student was enrolled for that grading period.

**ITEM #5** This example shows the individual grades the student earned in Homework/Quiz, Performance/Lab, Professionalism/Safety, Midterm Exam, and Final/Exam during this grading period. In order to get one grade for the course, the grades are averaged. Each individual grade is weighted in order to derive a course grade. When adding all percentages, the total will be 100%. The weights of each grade will vary with each course.

**ITEM #6** This item reflects the final grade received for the course.

**ITEM #7** This item shows the final grade point average (GPA) for the phase. In order to calculate the GPA and the CGPA (item #8), a variable called “Quality Points” is used. Quality points are the product of grade points granted for a course and the number of credit hours for that course. Looking at our example, John Doe achieved the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit Hours</th>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>IT 701</td>
<td>4.5</td>
<td>95=A=4.0</td>
<td>3.0x4.5=13.50</td>
</tr>
</tbody>
</table>

The GPA is now calculated by dividing the total number of quality points by the total number of credit hours during this phase.

\[
\text{GPA} = \frac{13.50}{4.5} = 3.0
\]
ITEM #8  This item shows the cumulative grade point average (CGPA). The CGPA is calculated similarly to the GPA, but it also includes all previously taken phases divided by the sum of credit hours of this phase and all previously taken phases.

ITEM #9  This item shows the student’s attendance record. It shows the Phase Hours Scheduled and the phase hours attended. The student’s overall attendance for that phase is calculated on a percentage basis. The last line of #9 shows the student’s cumulative hours scheduled and cumulative hours attended since the student started school. The student’s cumulative, or overall, attendance for that phase is calculated by dividing the total hours attended by the total hours scheduled.

Please note that the school does not give the student an attendance grade; we merely report the student’s attendance.

ITEM #10  THIS IS RESERVED FOR COMMENTS. THE STUDENT MAY BE INFORMED OF PROBATIONARY STATUS, ACHIEVING DIRECTOR’S HONOR ROLL, OR ANY OTHER SPECIAL RECOGNITION OR SITUATION.
SATISFACTORY PROGRESS

Upon completion of each course, all students will receive a progress report which is used by the college to evaluate academic progress. Students must achieve and maintain a CUMULATIVE grade point average (GPA) of 2.0 in all courses, and all course work must be satisfactorily completed to be eligible for graduation.

UNSATISFACTORY PROGRESS

If a student’s grade point average (GPA) falls below 2.0 at the end of the first course, the student will be dropped from the program for not meeting the GPA requirements. If a student’s grade point average falls below a 2.0 at the end of any course after the first, the student will be placed on academic probation for the following course. If a student fails to achieve the required CUMALITIVE grade point average of 2.0 while on probation, it may be extended for a second course during which the students CUMULATIVE grade point average a 2.0 or higher. A student failing to achieve the required grade point average during this time will be terminated.

At the end of each grading period, students are issued progress reports. Students on academic probation are given written notification that if the unsatisfactory progress continues, it will result in their termination from college.

A student whose enrollment was terminated for unsatisfactory progress may be re-entered after a minimum of one (1) grading period. A student who returns after the enrollment was terminated for unsatisfactory progress shall be placed on academic probation for the next grading period.

Students who miss an exam are required to prove (or demonstrate) that an emergency occurred preventing them from being present at the exam, otherwise students will receive a ZERO. Students who miss an exam for a death in the family, jury duty or while on an authorized leave of absence (LOA) will be allowed to take a make-up exam for full credit.

Students receiving an “F” grade must repeat the failed course in order to receive credit. No make-up work will be allowed on missed or failed “pop quizzes” or open book tests.

The student will be required to demonstrate an entry-level degree of proficiency in each competency which has been warranted during the course it is taught. An inability to achieve the required level of competency in the warranted skills will prevent the student from being able to advance into the next course or graduate.

Physical Therapist Assistant Specific Requirements

Standard WTC protocol will be followed in regards to the Satisfactory and Un-Satisfactory Progress policies, however with some variations that are specific to the Physical Therapist Assistant Program. Those variations can be found in the Physical Therapist Assistant Program section of the WTC school catalog and on the WTC website, www.westerntech.edu.

MAKE-UP WORK

At its discretion, the college may allow a student, who for reasons acceptable to the college, is experiencing non-repetitive, extreme attendance problems, to make up essential coursework previously missed due to absenteeism. It is the student’s responsibility to contact his/her department Program Director to arrange for any make-up work. No more than 5% of the total program clock hours can be made up. In the event that a student misses a significant amount of hours in a course, the instructor may determine that’s in the best interest of the student to repeat the entire course.
All make-up work must:

1. Be approved by the Instructor and department Program Director.
2. Be supervised by an instructor approved to teach the subject matter being made up.
3. Require the student to demonstrate the same level of knowledge and competence expected of a student who attended the scheduled class session.
4. Be completed within two weeks following the date of the absence or the date in which the student returns to college.
5. Be documented by the instructor as being completed. The documentation should include the date, time, duration of the make-up session, as well as the name of the supervising instructor.
6. Be signed and dated by the student and the instructor to acknowledge the make-up session.
7. Be approved only once during any twelve month period.

Massage Therapy Specific Requirements

Standard WTC protocol will be followed in regards to the Make-up policies, however with some variations that are specific to the Massage Therapy Program. Those variations can be found in the Massage Therapy Program section of the WTC school catalog and on the WTC website, www.westerntech.edu.

INCOMPLETES

A student receiving an “Incomplete” on a progress report must make up the required work within three days from the day it was due, or the “Incomplete” will revert to a failing grade. INCOMPLETES may only be given to a student with the advanced approval of the department Program Director.

A student, who withdraws from the college for an appropriate reason unrelated to the student’s academic status, may request a grade of “incomplete.” A student withdrawing under such circumstances, and who is not entitled to a refund, shall be permitted to re-enroll in the program within the twelve (12) month period following the date the student withdrew and completed the incomplete course without payment of additional tuition.

A student who fails a course will be required to repeat that course the next time it is offered, provided space is available in the class.

GRADE LEVELS

Students attending Western Technical College should consider themselves as having advanced beyond post-secondary freshman grade level upon successful completion of a minimum of twenty-four (24) semester hours and thirty (30) weeks of training. Each additional twenty-four (24) semester hours and thirty (30) weeks of successful training represent advancement beyond the next grade level.

NON-CREDIT REMEDIAL COURSES

Western Technical College offers non-credit remedial courses in Mathematics, English and Writing. Students interested in attending these classes will need to coordinate their instruction through their Instructor and must be approved by Department Director.

EXTERNSHIP/CLINICAL REQUIREMENTS

Externships provide students the opportunity to apply their knowledge and skills learned in school at an actual employer job site prior to graduation. They will improve their new skills by working alongside experienced professionals in the field. During externship students must attend the same work schedule and hours as regular employees at their extern site.

During their externship, students will normally work eight (8) hours per day and will need to adjust their schedules accordingly. Any exceptions must be approved by the Externship Coordinator.
Each student will be placed into an approved business location relative to his/her field of study. Normally, externships are unpaid.

The Externship Coordinator will supervise each student’s progress. Supervision will consist of reviewing student evaluations provided by the sponsor site and regular extern site visits. The extern site manager or supervisor will complete weekly student evaluations. During this review, any deficiencies indicated will be addressed with the student. The student will work with the Externship Program Coordinator to establish an individual study program designed to address and correct the areas that may need improvement.

Clinical and Externship sites may require drug testing and or background checks prior to the student's scheduled externship/clinical experience. The cost(s) of testing is the responsibility of the student, and the student will be required to make payments in full directly to the college. Drug screens are $20.00, and background checks are $20.00.

In the event a student tests positive for illegal drugs, the student will be automatically suspended from his/her program of study for a period of no less than thirty (30) days. At the completion of thirty (30) days, the student will be required to re-take a drug test at their cost. If the drug screen returns negative, the extern coordinator or ACCE will be allowed to work with the student to place them at a site. If it returns positive, the student will be terminated from the program. Students will be provided with a resource directory and WTC will advise the student to seek counseling. If the student chooses to go through drug counseling, the student may re-apply for their respective program 30 days after termination, provided the student can provide proof of having gone through drug counseling.

Students from all disciplines are encouraged to be truthful and honest about their backgrounds. In the event the background check reveals any misdemeanor or felony convictions in which the student did not make WTC aware of before the check was administered, WTC reserves the right to take action against the student, to include, but not limited to suspension or termination from the program. This depends upon the severity of the infraction, and will be determined by the program director, academic dean, and school director.

The student must successfully complete the Externship Program before he/she will be allowed to graduate.

Massage Therapy Specific Requirements

Standard WTC protocol will be followed in regards to the Externship requirements, however with some variations that are specific to the Massage Therapy Program. Those variations can be found in the Massage Therapy Program section of the WTC school catalog and on the WTC website, www.westerntech.edu.

PROGRAM CHANGES

Any changes to a student’s program must be made through the Administrative Officer at each campus. Changes affecting the length or attendance schedule of a student’s program may have a significant effect on the student’s financial arrangements with WTC. All program changes are subject to review by the Campus Director, Financial Services, Student Accounts, Program Director and Academic Dean.

In addition, any student who requests a transfer to a different schedule must receive prior approval from the Program Director and all changes must be processed through the Administrative Officer of that campus. Students are allowed to transfer to a different schedule twice during the length of their program.

CURRICULA REVISIONS

The college reserves the right to vary the sequence of courses and revise and/or update curriculum content, textbooks and tool sets as needed, with or without notification.
REFRESHER TRAINING

In order to stay current with ever-changing technological developments in their industry, graduates may return to Western Tech and retake any courses of the program from which they graduated according to the following conditions:

1. Refresher training will be allowed on a “space available” basis only and requires the approval of both the program director and campus director.
2. Graduates may repeat up to three courses in the same program from which they graduated at no tuition charge. Any additional courses may be taken at a charge of 25% of the current tuition rate.
3. To take a new course in the same program from which they graduated, the graduate will pay 25% of the current tuition rate.
4. Graduates who wish to take an entire program different than the one they graduated from may do so at 50% of the current tuition rate.
5. Graduates must pay the current cost of any and all books, tools, supplies, lab fees, certification test fees, or any other fees or charges associated with the course or program they are refreshing in.
6. Graduates must be in satisfactory standing with WTC. For the purposes of this policy, satisfactory standing is defined as a graduate:
   a. Is current in all their financial obligations to WTC and any student loans.
   b. Has NOT been discharged from a job due to misconduct such as stealing, sexual harassment, substance abuse, etc…
   c. Has NOT failed nor refused to take an employment related physical due to illegal drug use.
   d. Did not have any instances of misconduct, suspension, or other significant issues while they were a student at Western Tech.
7. Graduates will be given a transcript indicating a grade for the refresher training completed.
8. Graduates taking refresher training must comply with all WTC policies and regulations.

SEMESTER CREDIT UNITS

A semester credit unit (SCU) earned is defined as the successful completion of fifteen (15) clock hours of theory instruction, thirty (30) clock hours of laboratory instruction, or forty-five (45) clock hours of externship. Each clock hour is at least fifty (50) minutes in length. At least one hour of study time is recommended for each hour of lecture.

Physical Therapist Assistant Specific Requirements

Standard WTC protocol will be followed in regards to earning Semester Credit Hours, however with some variations that are specific to the Physical Therapist Assistant Program. Those variations can be found in the Physical Therapist Assistant Program section of this catalog and on the WTC website, www.westerntech.edu.
TRANSFER CREDIT FOR PREVIOUS EDUCATION, TRAINING, MILITARY, OR WORK EXPERIENCE

For Applicants who want to Transfer Credits to Western Technical College

1. Applicants who wish to receive credit toward any Western Technical College course or program based on previous education, training, work, or military experience must provide a transcript of their post secondary education, certificates of completion from training courses or military training or a complete and verifiable resume of their relevant work experience prior to being accepted and starting class.

2. The acceptance of credit for transfer is primarily based on the competencies achieved by the applicant in previously completed coursework, training or employment and whether the competencies reasonably align with the WTC coursework and program into which the credit is to be transferred. In addition to transcripts, applicants may be required to provide course descriptions from the school where the coursework was performed, to enable WTC to perform a course-by-course evaluation.

3. Additionally, WTC may require applicants requesting transfer credit to take oral, written or performance exams or a combination thereof. Applicants must achieve a minimum score of 75% on the exam(s) in order to receive credit.

4. WTC does not accept credits listed as “transfer” credits on transcripts from other institutions. Actual transcripts are required for coursework from all institutions previously attended.

5. WTC will only consider granting credit for coursework, certifications earned, military or work experience which has occurred within the last five years.

6. If the institution which the applicant previously attended is located within the United States, it must be accredited by an accrediting agency recognized by the United States Department of Education. Transcripts in Spanish from Puerto Rico or other United States territories are acceptable. If the institution is outside the United States, it must be accredited or similarly acknowledged by an agency deemed acceptable at WTC’s discretion. WTC may also require evaluation of foreign transcripts or credentials by an independent third party at the applicant’s expense.

7. High school graduates may be eligible for credit from Tech Prep or other high school level coursework based on the articulation agreement between WTC and the independent school district from which the student graduated. WTC has articulation agreements with most of the school districts in the surrounding area. In order to qualify for credit, a high school course grade must be at least an 80% / B / 3.0.

8. WTC will extend monetary credit consistent with the amount of academic credit awarded. In no instance will combined academic, proficiency, financial, or credit from any other source exceed 50% of an entire program at WTC.

9. Students receiving credit are not eligible to receive Title IV student financial assistance or Veterans Administration (VA) funding for any coursework for which credit was granted. They may receive student financial assistance or VA funding for all other coursework at WTC contingent upon their eligibility.

10. At a minimum, 50% of the credits required for graduation from WTC must be earned at WTC.

11. Final decisions on transfer credit will be made by the campus director.

12. WTC encourages all students who receive credit to attend the course(s) for which they received credit. In that way, they enjoy the benefit of learning the most up to date material while still receiving the financial credit toward their tuition.

13. Students attending courses for which they received credit are responsible to maintain the same academic and attendance standards and abide by all WTC policies and procedures as other students.
Massage Therapy Program specific requirements
Standard WTC protocol will be followed in regards to the transfer credit policy but with some variations specific to the Massage Therapy Program. Those variations may be found in the Massage Therapy section of this catalog and on the WTC website, www.westerntech.edu.

FOR STUDENTS/GRADUATES WHO WANT TO TRANSFER THEIR WTC CREDITS TO ANOTHER INSTITUTION
Other than specific colleges/universities that have formal articulation agreements with WTC, it is unlikely that credits earned at WTC will transfer to another postsecondary institution. It is the student’s responsibility to confirm whether or not credits from WTC will be accepted by another college. Western Technical College does not imply, promise, or guarantee transferability of its credits to any other institution. In the United States Higher Education system, transferability of credit is always determined by the receiving institution, taking into account such factors as course content, grades, accreditation and licensing.

SECTION 504/ADA POLICY
Western Technical College does not discriminate admission to programs on the basis of age, race, color, sex, disability, religion, sexual orientation or national origin. If you would like to request academic or auxiliary aids, please contact the Campus Director. You may request academic or auxiliary aids at any time. Each Campus Director is responsible for coordinating compliance with Section 504 of the Rehabilitation Act of 1973 and Title III of the Americans with Disabilities Act of 1990.

Applicants who are persons with disabilities, as defined in paragraph 104.3(j) of the regulation under Section 504 of the Rehabilitation Act of 1973, may apply for admittance. The College will work with the applicant or student to determine whether reasonable accommodations can be made and/or are available.

Any qualified individual with a disability requesting an accommodation, auxiliary aid or service should follow the procedure below:
1. Notify the Campus Director in writing of the type of accommodation needed, date needed, and documentation of the nature and extent of the disability. International documentation of disabilities will not be accepted. The request should be made at least four weeks in advance of the date needed.
2. The Campus Director will respond within two weeks of receiving the request.
3. If you would like to request reconsideration of the decision regarding your request, please contact the Campus Director within one week of the date of the response. Please provide a written statement of why and how you think the response should be modified.

STUDENT CODE OF CONDUCT
Any violation of WTC policies & standards, including safety violations, abusive language, drinking or illegal use of drugs (on or off campus) may result in suspension or termination. Improper conduct off campus may also result in suspension or termination.

Students are required to follow college policies and standards while attending Western Technical College. It is the student’s responsibility to conduct himself/herself in a proper and respectable manner while attending the college.

Any student who fails to comply with the conduct standards and policies as published on the WTC website, (www.westerntech.edu), may be subject to verbal or written reprimand, probation, suspension, or termination from WTC depending on the nature and severity of the violation. Re-admittance following such termination is at the discretion of the college and relative to the nature and
severity of the conduct violation. Students should immediately report any conduct violations to their instructor or other school official.

1. A student must not in any way interfere with class instruction and learning and must obey directives of WTC faculty and administration.
2. Under no circumstance is any type of food or drink allowed in the classroom. Eating and drinking is allowed in designated break areas. Water will be allowed; however, it must be in a closed container.
3. Use of cellular phones is prohibited in the library, classrooms, labs, and shop areas.
4. The library and Internet are available only for purposes of school projects. Viewing of illicit or inappropriate material or downloading any software is forbidden.
5. A student asking or being asked to visit a staff office for any reason should obtain a sign-out slip from the instructor. 7. All students are expected to keep the college environment free from intimidation and harassment regardless of sex, race, age, religion, national origin, and disability or any other protected status.
8. Western Technical College is a community of trust whose very existence depends on adherence to standards of conduct. Student conduct that violates these standards is handled by the President. This includes cases involving sexual misconduct and/or sexual assault or attempted sexual assault.

Western Technical College seeks to assure that the school maintains a campus free of sexual harassment and intimidation. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s enrollment
- Submission to or rejection of such conduct by an individual is used as the basis for enrollment decisions affecting such individuals
- Such conduct has the purpose or effect of unreasonably interfering with an individual’s school performance or creating an intimidating, hostile, or offensive environment

WTC may report violators to the appropriate authority for civil or criminal action. WTC prohibits retaliation of any kind against students who, in good faith, bring sexual harassment complaints or assist in investigating complaints. Exercising rights under this policy does not in any way affect a student’s right to seek relief through the Texas Commission on Human Rights, the Equal Employment Opportunity Commission, or in a court of proper jurisdiction for any complaint for which a remedy is provided under state or federal law.

It is the responsibility of each student to be aware of the details of the foregoing policy.

Sex offenses: Victims of sexual assault that has occurred on campus should notify the department’s Program Director, School Director or higher authority immediately. Victims may seek assistance from faculty or staff to assist in reporting a sexual assault. If the assault occurred outside the WTC campus or property, call the local police department where the assault occurred.
Following the assault, in order to preserve evidence necessary for the proof of criminal sexual assault, victims should not bathe, douche, or change clothes. After reporting the assault to police, victims need to go to the hospital emergency room for a sexual assault examination. Victims may choose to have someone take them to the hospital or the police will escort them from their location. The officer will need to obtain a statement describing the details of the assault. Off-campus counseling is available at:

STARS- Sexual Trauma and Assault Response Services

Arrangements can be made through the Campus Directors. Policies and procedures regarding disciplinary proceedings are described in the WTC Catalog and the WTC Student and Employee Handbooks. The accused and the accuser are entitled to the same opportunities to have others present during a campus disciplinary proceeding and both will be informed of the outcome of the proceeding. Students who use syringes for health conditions such as insulin injections are subject to the same disposal requirements.

ILLEGAL DRUGS/ALCOHOL

WTC supports a drug-free environment and will not allow the unlawful possession, use or distribution of illicit drugs or alcohol on or off campus. As a condition of acceptance WTC students agree to random and for-cause drug testing or search throughout their attendance as set forth in WTC’s Substance Abuse Prevention Policy. A violation will result in taking appropriate action up to and including termination.

DRUG AND ALCOHOL POLICY

The unlawful manufacture, distribution, possession or use of a controlled substance or the unlawful possession and use of alcohol is wrong, harmful and prohibited by the school or as part of any of its activities. Drug and alcohol abuse prevention and counseling is available to all students and staff upon request.

This policy strictly prohibits the illegal use, possession, manufacture, dispensing, or distribution of alcohol, drugs or controlled substances in the workplace, on its premises, or as a part of all school sponsored activities. A violation of this policy is considered a major offense, which may result in requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the school. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy. Violations of applicable local, state and federal laws may subject a student or employee to a variety of legal sanctions including but not limited to fines, incarceration, imprisonment and/or community service requirements. Convictions become a part of an individual’s criminal record and may prohibit certain career and professional opportunities.

The following is information is provided in accordance with the Drug-Free Workplace Act of 1988 (P.L. 100-690, Title V, Subtitle D) and the Drug-Free Schools and Communities Act Amendments of 1989 (RL. 101-226).

DRUG-FREE SCHOOLS NOTICE TO STUDENTS

Western Technical College is a drug-free campus. Drug and/or alcohol use impairs memory, alertness, and achievement. Their use erodes the capacity to perform, think, and act responsibly. Therefore, any form of such substance abuse creates an extreme danger in the school to students, employees, and others. Substance abuse can be grounds for termination of your enrollment at this institution.

1. Western Technical College has a policy of maintaining a drug-free school atmosphere. All students are hereby notified that the unlawful manufacture, distribution, dispersion, possession, use of a controlled substance, or alcohol, or the presence of a controlled substance or alcohol in your body’s system is prohibited on this institution’s premises. These “premises” are defined as all school property, including building interiors and exteriors, sidewalks, parking lots, privately-owned vehicles parked on school premises, as well as desks, lockers, and storage areas. This prohibition applies to students’ performing any school related tasks or attending any school-sponsored functions, including field trips, regardless of location on or off school premises.
2. Pursuant to its Drug-Free Schools Program, WTC may conduct a reasonable search of a student’s work area, locker, vehicle (driven on or parked on school property), or other personal items. Continued enrollment is contingent upon your submission to a reasonable search.

3. According to the severity of the violation, in the judgment of school authorities, the following disciplinary sanctions will be imposed upon students for drug or alcohol abuse violations occurring on school premises:
   - Oral or written reprimand
   - Suspension from school
   - Mandatory entry into a drug or alcohol abuse counseling, treatment, or rehabilitation program. If referred, failure to enter and successfully complete such a program will result in immediate termination
   - Immediate termination without referral to a treatment and rehabilitation program
   - Referral of violation to local law-enforcement agencies for prosecution

4. Students should be aware that substance abuse inhibits employment opportunities. There is an ever-growing sentiment among employers nationwide that drugs and alcohol will not be tolerated in the work place. Employers in nearly every field now require pre-employment screening to detect drug and alcohol abusers. Remember, even though you may graduate from the program in which you are enrolled, substance abuse can inhibit career opportunities.

5. Drug and alcohol counseling, treatment, and rehabilitation programs are available at, but not limited to, the following locations:
   - Aliviane No-AD Inc. Substance Abuse Prevention and Treatment Program
     11960 Golden Gate Road
     (915) 857-0083
   - Rio Valle Recovery Center
     400 S. Zaragoza Road
     (915) 775-1976

6. All students must read, understand and agree to the following:
   - I understand, that as a condition of my enrollment and continued attendance at this institution, I must agree to the terms of Paragraphs 1-4 above
   - I must notify my campus Director of any criminal drug statute conviction for a violation occurring on school premises no later than five (5) days after such conviction
   - I understand that this institution has established a drug free awareness program to inform students about
   - This institution’s policy of maintaining a drug free school
   - The penalties that may be imposed upon students for drug or alcohol abuse violations occurring on school premises
   - The health risks of drug and alcohol abuse
   - The availability of drug and alcohol counseling, treatment, and rehabilitation programs
   - The inhibition of employment opportunities should I be identified as a substance abuser

**HEALTH RISKS**

Health risks generally associated with alcohol and drug abuse can result in but are not limited to a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes and thought disorders. The use of alcohol and other drugs represents a serious threat
to health and the quality of life. More than 25,000 people die each year from drug-related accidents or health problems. With most drugs, it is possible that users will develop psychological and physical dependence. The general categories of drugs and their effects are as follows:

**Alcohol**
produces short-term effects that include behavioral changes, impairment of judgment and coordination, greater likelihood of aggressive acts, respiratory depression, irreversible physical and mental abnormalities in newborns (fetal alcohol syndrome) and death. Long-term effects of alcohol abuse include damage to the liver, heart and brain; ulcers; gastritis; malnutrition; delirium tremens; and cancer. Alcohol combined with barbiturates and other depressants can prove to be a deadly mixture.

**Amphetamines/Stimulants**
(speed, uppers, crank, caffeine, etc.) speed up the nervous system and can cause increased heart and breathing rates, higher blood pressure, decreased appetite, headaches, blurred vision, dizziness, sleeplessness, anxiety, hallucinations, paranoia, depression, convulsions and death due to a stroke or heart failure.

**Anabolic Steroids**
seriously affect the liver, cardiovascular and reproductive systems. Can cause sterility in males and females as well as impotency in males.

**Barbiturates/Depressants**
(downers, quaaludes, valium, etc.) slow down the central nervous system and can cause decreased heart and breathing rates, lowered blood pressure, slowed reactions, confusion, distortion of reality, convulsions, respiratory depression, coma and death. Depressants combined with alcohol can be lethal.

**Cocaine/Crack**
stimulates the central nervous system and is extremely addictive, both psychologically and physically. Effects include dilated pupils, increased heart rate, elevated blood pressure, insomnia, loss of appetite, hallucinations, paranoia, seizures and death due to cardiac arrest or respiratory failure.

**Hallucinogens**
(PCP, angel dust, LSD, etc.) interrupt the functions of the part of the brain that controls the intellect and instincts. May result in self-inflicted injuries, impaired coordination, dulled senses, incoherent speech, depression, anxiety, violent behavior, paranoia, hallucinations, increased heart rate and blood pressure, convulsions, coma, and heart and lung failure.

**Cannabis**
(marijuana, hashish, hash, etc.) impairs short-term memory comprehension, concentration, coordination and motivation. May also cause paranoia and psychosis. Marijuana smoke contains more cancer-causing agents than tobacco smoke. The way in which marijuana is smoked - deeply inhaled and held in the lungs for a long period -enhances the risk of getting cancer. Combined with alcohol, marijuana can produce a dangerous multiplied effect.

**Narcotics**
(heroin, morphine, demerol, percocan, etc.) initially produce feelings of euphoria often followed by drowsiness, nausea and vomiting. An overdose may result in convulsions, coma
and death. Tolerance develops rapidly and dependence is likely. Using contaminated syringes to inject such drugs may result in AIDS.

**Tobacco/nicotine**

causes death among some 170,000 people in the United States each year due to smoking-related coronary heart disease. Some 30 percent of the 130,000 cancer deaths each year are linked to smoking. Lung, larynx, esophagus, bladder, pancreas and kidney cancers strike smokers at increased rates. Emphysema and chronic bronchitis are 10 times more likely among smokers.

**PUNISHMENT FOR ALCOHOL AND DRUG RELATED CRIMES**

**STATE OF TEXAS**

The Texas Health and Safety Code sets the possession law, dividing controlled substances into five penalty groups, plus a marijuana category. While some of the substances are legal, it is illegal to possess them without a prescription, and the health code establishes the punishments for illegal possession.

The Texas Tax Code, in addition to the criminal penalties for drug possession, also sets potential civil penalties. Although the statute is not often used in minor possession cases, the code requires that taxes must be paid on illegal drugs, so that “dealers” who possess over certain amounts can be charged with tax evasion. The state of Texas can also suspend your license for up to six months following a conviction on any violation of the Texas Controlled Substances Act.

The Code of Criminal Procedure also allows police to seize any property used or “intended to be used” in the commission of a drug felony. That means they can take your car, your home, or any other belonging where you are accused of carrying or hiding drugs. The asset forfeiture law is a civil action, not criminal, and you don’t have to be convicted for the state to try to take your property. Drug possession penalties are complicated, and depend on the classification of the substance and the quantity.

**POSSSESSION OF DRUG PARAPHERNALIA**

Any item that can be used as a drug processing, packaging, or consumption mechanism can be defined as paraphernalia under 481.002 (17) of the Texas Controlled Substances Act. Even common household items such as scales, spoons, bowls, envelopes or bags can land you an illegal possession of paraphernalia charge. The most common paraphernalia charges result from pipes, and bongs.

Simple possession of drug paraphernalia is a Class C Misdemeanor, which carries a penalty of fines up to $500.

Distribution or possession with intent to distribute or sell drug paraphernalia is a Class A misdemeanor, which can result in up to a year in jail. Second offense penalties will result in mandatory jail time, or if you sell to someone under 18 years old.

A student may be suspended due to a violation of any WTC policies or standards. All suspensions are determined by the College Director, Instructor, Program Director and Academic Dean. There is a maximum time frame of (3) three days per suspension.

**APPEALS**

Depending on the nature and severity of a situation, student(s) may be terminated due to a violation of WTC rules including, but not limited to, theft, cheating, illegal drug or alcohol use, inappropriate behavior, or behavior that jeopardizes the safety of others, and academic or attendance issues.

A student has the right to appeal a decision if he/she has been terminated from the college. The appeal must be submitted in writing to the Campus Director within 10 calendar days of the date of termination. Once the appeal letter is received a panel will be assembled to hear the appeal. Other College officials may also be called upon to express a voice in the matter. The student(s) will be notified in writing of the appeals panel decision within (5) days.

**STUDENT COMPLAINT/GRIEVANCE PROCEDURE**

If a student feels that he or she has an issue or grievance which needs to be addressed, the student must first take the issue to an instructor, Program Director or other school administrator.

If the complaint cannot be adequately resolved there, the student must then address it, in writing, to the Campus Director or the College President.

Schools accredited by the Accrediting Commission of Career Schools and Colleges must have a procedure and operational plan for handling student complaints. If a student does not feel that the college has adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints considered by the Commission must be in written form, with permission from the complainant(s) for the Commission to forward a copy of the complaint to the school for a response. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Commission.

STUDENTS RIGHT-TO-KNOW AND CRIME AWARENESS AND CAMPUS SECURITY ACT

Campus security and safety are important issues in postsecondary education today. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or Clery Act, provides students and families, as higher education consumers, with the information they need to make informed decisions. The Clery Act requires that institutions disclose statistics for offenses committed on campus. The information is a compilation of data reported in the campus crime log and incidents that were reported to local law enforcement agencies. Crimes statistics are disclosed each year for the previous three years. Statistics are made available to the public by the Department of Education’s website located at [http://ope.ed.gov/security](http://ope.ed.gov/security). Western Technical College is in compliance with this act.

Since crime can occur anywhere and at anytime, it is our sincere hope that you will read and follow these guidelines. If you suspect a crime has been committed or if you witness a crime in progress, notify the School Director, and, if necessary, call the local law enforcement agency.

There is no such thing as a fail-safe security system. Even the most elaborate security precautions (such as alarm systems, courtesy guards, patrol cars and electronic gates) are not a guarantee against crime. You should proceed as if such security precautions did not exist. All systems are subject to mechanical malfunctions, tampering, human error and personnel absenteeism. The best safety measures are the ones you perform using common sense.

In order to comply with the Students Right-to-Know and Campus Security Act (Public Law 102-25), Western Technical College has established the following policies and procedures:

1. Western Technical College’s policies regarding procedures and facilities for students and others to report criminal actions or other emergencies occurring on campus and policies concerning the institution’s response to such reports:
   a. Any staff, faculty member, or student observing or having knowledge of a criminal act should immediately notify the School Director or next higher authority. Upon being notified of a criminal act, the School Director or next higher authority will make the decision to handle the problem or notify a local law enforcement agency.
   b. Any staff, faculty member, or student involved in or observing an emergency on campus should immediately notify the School Director or any staff or faculty member or next higher authority (if time allows). If the emergency is such that a life is endangered or severe harm could result, the person witnessing the emergency should immediately dial 911 and notify the school Director or any staff member as soon as possible. Upon being notified of an emergency, the Director or next higher authority will determine the type of emergency and will handle it or notify the appropriate agencies for necessary action.

2. Western Technical College’s policies concerning security and access to campus facilities and security considerations:
   a. Western Technical College’s Main Campus (9624 Plaza Circle) is open from 7:00 a.m. to 10:00 p.m., Monday through Thursday and from 7:00 a.m. to 6:00 p.m. on Friday. The building is secured by a security alarm and a separate fire alarm system. All classes conducted at the Main Campus are in one building with an adjoining parking area.
b. Western Technical College’s Branch Campus (9451 Diana Drive) is open from 7:00 a.m. to 10:00 p.m., Monday through Thursday and from 7:00 a.m. to 6:00 p.m. on Friday. The building is secured by a security alarm and a separate fire alarm system. All classes conducted at the Diana Campus are in one building with an adjoining parking area.

c. Students should only be in the building during their scheduled classes, unless arrangements have been made with an instructor to use the classrooms, stay for tutoring, or use the library.

d. Security of the building is an ongoing project by all staff and faculty members. Each staff and faculty member must be security conscious at all times. All security violations should immediately be reported to the School Director.

3. Current policies concerning campus law enforcement, including the enforcement authority of security personnel and their relationship with state and local agencies:
   a. Western Technical College does not employ security personnel. All requests for security assistance are handled by law enforcement agencies.
   b. The School Director is responsible for reporting all crimes to the appropriate local law enforcement agency.

4. The type and frequency of programs designed to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others:
   a. Security procedures for each campus are reviewed during new student and new employee orientations. Students and employees are told about securing their autos and other personal property and how to report any crime or emergency. All students are provided a “Student Handbook” that includes school security policies and procedures.
   b. All employees are given an “Employee Handbook” which also includes these school security policies and procedures. All employees are reminded about security procedures quarterly during monthly information hours.
   c. In order to provide a safe and secure environment for all employees and students, the following procedures should be followed:
      1) Lock and secure vehicles.
      2) Do not bring large sums of money to school or show to other people monies in your possession.
      3) Do not leave valuables unattended.
      4) Fighting or gambling on school property is forbidden.
      5) Unauthorized drugs or alcohol of any type are not allowed on school property.
      6) Possession of a handgun under the authority of the Texas Concealed Handgun License Law is prohibited on school premises (Texas and States article 4413/29EE). Possession of ammunition, long blade knives (blades over 3" long), or any other type of weapon is not allowed on school property.

5. Western Technical College does not provide counseling for sexual assault. Counseling is available at, but not limited to, the following location:

   **STARS- Sexual Trauma and Assault Response Services**
   710 N. Campbell
   El Paso, TX 79901

   In the event that a sexual assault occurs on campus, please notify your department Program Director or the School Director. Upon being notified of the emergency the department Program Director or School Director will assist you in contacting the appropriate authorities.
6. In accordance with the Student’s Right-to-Know and Campus Security Act, statistics will be distributed to all students.

WHAT TO DO IF YOU HAVE BEEN SEXUALLY ASSAULTED

Any person who may be a victim or is aware of a victim of sexual assault on campus should immediately report the incident to the school President and/or any staff member the student is comfortable confiding in.

Students, faculty, and staff are strongly encouraged to report sexual assaults to the El Paso Police Department, whether the assault occurs on or off campus, no matter who the alleged assailant is.

If the assault occurs off campus, the school will assist a victim with notification to the appropriate law enforcement agency having police jurisdiction where the crime occurred.

It is important for persons who have been sexually assaulted to seek medical attention. A representative from the STARS (Sexual Trauma & Assault Response Services) is available to accompany students who have been sexually assaulted to the hospital and for counseling, if desired. A medical examination specifically tailored for sexual assault victims is conducted by the hospital staff. This will help preserve important evidence of the sexual assault if the person who has been sexually assaulted decides later to prosecute. It is important for persons who have been sexually assaulted to contact the police who will arrange for immediate medical attention and will initiate an investigation.

The school will work with local law enforcement to investigate all sexual assault complaints with sensitivity, compassion, patience and respect for the victim. Investigations are conducted in accordance with guidelines established by Texas state law and the El Paso County District Attorney’s Office.

In accordance with the Texas Code of Criminal Procedure Article 57, victims may use a pseudonym to protect their identity. A pseudonym is a set of initials or a fictitious name chosen by the victim to be used in all public files and records concerning the sexual assault. Victims of sexual assault are not required to file criminal charges; however, preferring charges is encouraged.

IF YOU HAVE BEEN SEXUALLY ASSAULTED

1. Call 9-1-1 on campus/from a cell phone or off campus phone line call (915)747-5611
2. DO NOT shower, bathe, or douche.
3. Have a trusted friend take you to Sierra Medical Center. It is the only hospital in El Paso County that performs sexual assault examinations. Take the clothes in which you were assaulted with you to the hospital in a paper bag, not plastic.
4. Obtain counseling services recommendations from the hospital or law enforcement.
5. Remember it is not your fault.

HOW TO FILE A SEXUAL ASSAULT COMplain

If the complainant elects not to file criminal charges, but still wishes to proceed with formal administrative charges, an investigation is conducted, and the case is referred to the school President. Disciplinary actions assessed in a particular case will be dependent upon the nature of the conduct involved, the circumstances and conditions which existed at the time the student engaged in such conduct and the results which followed as a natural consequence of such conduct. Sanctions can include the following:

- Disciplinary warning
- Disciplinary probation
- Withholding of grades, official transcript or degree
- Bar against readmission or drop from current enrollment
• Restitution
• Suspension of rights and privileges
• Suspension
• Expulsion
• Other penalty as deemed appropriate under the circumstances

**CAMPUS SEXUAL ASSAULT VICTIM’S BILL OF RIGHTS**

The United States Congress enacted the “Campus Sexual Assault Victims’ Bill of Rights” in 1992 as a part of the Higher Education Amendments of 1992. This law requires that all universities afford sexual assault victims certain basic rights such as:

- Accuser and accused must have the same opportunity to have others present.
- Both parties shall be informed of the outcome of any disciplinary proceeding.
- Survivors shall be informed of their options to notify law enforcement.
- Survivors shall be notified of counseling services.

In accordance with the Student’s Right-to-Know and Campus Security Act, statistics will be distributed to all students.

Personal Computers (PC)/Laptops, Tablets and any other electronic device of any kind are not authorized to access the WTC network without prior approval from the WTC IT Director. The Student must submit a request to the instructor requesting authorization to utilize the WTC network using a PC, laptop, tablet or any electronic device at the Campus. Students will be held accountable for violation of these policies. Failure to adhere to these policies may result in disciplinary action by the school to include verbal warning, written warning, suspension or expulsion. This will depend on the severity of the infraction.

COPYRIGHT AND COMPUTER USE POLICY
The School supports enforcement of copyright law for the protection of its employees as both creators and users of copyright protected works. The School requires that staff and students comply with federal law regarding the use of copyright protected materials. In addition, in the spirit of promoting “the progress of science and the useful arts,” the college supports the fair use for such purposes as criticism, comment, news reporting, teaching scholarship or research and reproduction of copyrighted materials (including multiple copies for classroom or library use), for educational purposes as outlined in the federal Copyright Law (PL94-553).

INTERNET GUIDELINES

Internet access is now available to students and staff. The goal in providing this service to Instructors and students is to promote educational excellence by facilitating resource sharing, innovation, collaboration, and communication. The school’s network is an electronic network, which enables access to the Internet. The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students and instructors and staff may have access to:

- Electronic mail
- Information and news
- Opportunity to and research
- Public domain and shareware software of all types

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. On a global network, it is impossible to control all materials and an industrious user may discover controversial information. The School firmly believes that the educational value of information and the interaction available on this worldwide network outweighs the risks that users may procure materials that are not consistent with the educational goals of the School.

The use of the network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator may close an account at any time as required. The School may request the system administrator to deny, revoke, or suspend specific user accounts.

SURVEILLANCE

WTC uses an audio and video surveillance system at both campuses with the primary objective of the system being security. Cameras and audio are not a guarantee of safety, but a tool that assists WTC personnel in the protection of campus community members from dangers by serving as deterrents. The cameras and audio is also used for workplace surveillance. WTC reserves the right to monitor and record public areas to enforce WTC policy, and assure quality customer service and WTC policy compliance. Access to the surveillance system is restricted to authorized personnel only.

SEARCHES

The College may conduct searches for weapons, illegal drugs, alcohol, or missing items on College premises or worksites without prior notice to students. Such searches may be conducted at any time. Students are expected to cooperate fully.

In addition, the College retains the right to search students’ desks, planners, computers, software, mobile phones, computer equipment storage areas, storage devices or other personal property brought on College property, including parking lots, in the conduct of its business (i.e. to locate work product) and/or when the College has a reasonable suspicion that there has been a violation of College rules such as those against dishonesty, drug, alcohol or inhalant abuse, or weapons possession. Students should understand that they should have no expectation of privacy in their planners, computers, software, computer storage areas, or other personal property brought on College property including parking lots and those areas may be accessed or searched at any time by persons or dogs in either the absence or presence of the student. Likewise, the College may inspect the personal property of students on College premises such as
automobiles, computers, personal data assistants, planners, handbags, and briefcases when the College has a reasonable suspicion that a threat to student or employee safety exists or that there has been a violation of College policies. A student’s consent to a search is required as a condition of enrollment and the student’s refusal to consent may result in disciplinary action up to and including termination.

**ADMINISTRATIVE RULE**

1. This administrative rule is based upon the original Copyright Act of 1976 and the amendments added by the Digital Millennium Copyright Act signed into law in 1998.
2. This administrative rule applies to all staff and students who make use of materials created by entities other than themselves. This includes but is not limited to materials used for classroom teaching, out of class presentations, online distribution, professional conferences, homework assignments, electronic transmission and for school publication.
3. Copyright issues dealing with intellectual property created by staff and students are covered in the administrative rule on intellectual property.
4. The School considers the educational environment to consist of traditional on-campus instruction.
5. Staff and students are expected to comply with copyright law and to apply the fair use criteria to each use of material of which they are not the originator.
6. Unauthorized peer-to-peer file sharing, illegal downloading or unauthorized distribution of copyrighted materials using the institution’s information technology system.
7. The only software programs, other than students’ projects, to be used on systems in the school are those products for which the school owns a valid license or the school may legally use. Copying the school’s software from the computer system is considered theft and is a serious offense. Copying or modifying school software and/or borrowing software from the labs is not permitted. If you have a question, please see the system administrator.
8. In compliance with the Section 512(2)(c)(2) of Chapter 5, Title 17 of United States Code, the School shall have a DESIGNATED AGENT “to receive notifications of claimed infringement” and “other contact information which the Register of Copyrights may deem appropriate.” The designated agent for the School will be the CFO.

**FAIR USE**

Fair Use is the use of a copyrighted work for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research.

In determining whether the use made of a work in any particular case is a fair use, the factors to be considered shall include:

1. The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
2. The nature of the copyrighted work;
3. The amount and substantiality of the portion used in relation to the copyrighted work as a whole; and
4. The effect of the use upon the potential market for or value of the copyrighted work.

The School encourages staff and students to be diligent in the application of the fair use criteria. Through diligent application school constituents and the School avail themselves of protection from infringement by establishing “reasonable grounds for believing that his or her use of the copyrighted work was a fair use” according to Sections 107 and 504c of United States Code title 17.
SUMMARY OF CIVIL AND CRIMINAL PENALTIES FOR VIOLATION OF FEDERAL COPYRIGHT LAWS

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense.

For more information, please see the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ’s at www.copyright.gov/help/faq.

SCHOOL DISCIPLINARY ACTIONS

Disciplinary action may be taken in the event that the provisions of this guideline are violated. The administration has sole discretion in determining what action, if any, will be taken against persons violating the provisions of this guideline. Handling of violations to this guideline may vary according to the particular situation. Where the use of the computer is an integral part of the instructional program, violators need to be disciplined immediately and regain access to the computer so that instruction may continue. Disciplinary action may range from a verbal reprimand to legal action.

USERS’ OBLIGATIONS

FAMILY EDUCATIONAL RIGHTS
AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA), of 1974, is a federal law that pertains to the release of and access to student educational records. FERPA rights apply to students and guardians of a dependent minor student; a student is a person who is, or has been, in attendance at the school, regardless of the person’s age. Under FERPA, a student has a right to:

- Inspect and review his or her educational records
- Request to amend his or her educational records
- Have some control over the disclosure of information from his or her educational records

The directory information made available by the School is:

- Name (maiden, other, preferred, primary)
- Address (all known)
- Telephone (all known)
- Date of Birth
- Birth Location
- Course
- Dates of Attendance
- Degrees & Awards Received
- Most Recent Previous Educational Institution Attended

The Family Educational Rights and Privacy Act also authorizes disclosure of this information without the student’s consent under certain circumstances. Directory information will be provided to the public upon request unless the student files a request with the school asking to be excluded from the directory or from any other requests for open directory information from outside entities. A student may update access to their information by contacting a school employee and filing a request to be excluded from the directory or from any other requests for open directory information.

According to FERPA, some non-directory student records may not be released without prior written consent from the student. A record is any information recorded in any way, including but not limited to handwriting, print, tape, film, microfilm, microfiche, and digital image. Educational records are all records that contain information that is directly related to a student and that are maintained by an educational agency or institution or by a party acting on its behalf. Educational records do not include the following:

- Sole possession records (those records kept in the sole possession of the maker which are used only as a personal memory aid and are not accessible or reviewed by any other person except a temporary substitute for the maker of the record)
- Medical or psychological treatment records that include but are not limited to records maintained by physicians, psychiatrists, and psychologists
- Employment records, provided that employment is not contingent upon being a student
- Law enforcement records

The college will disclose information from a student’s education record without the written consent of the student to staff members who require access to educational records in order to perform their legitimate educational duties; officials of other schools in which the student seeks or intends to enroll; and in connection with a student’s application for, or receipt of, financial aid; and state, federal, and accrediting agencies as required.
Under FERPA, students have a right to see, inspect and request changes to their educational records. Upon request, the School shall provide a student access to his or her educational records except for financial records of the student’s parents or guardian; and confidential letters of recommendation where the student has signed a waiver of right of access. Educational records covered by FERPA normally will be made available within ten (10) days of the request. All records are to be reviewed by students in the presence of a staff member. The contents of a student’s educational records may be challenged by the student on the grounds that they are inaccurate, misleading, or otherwise in violation of the privacy rights of the student by submitting a written statement to the school.

It is the policy of the school that it will maintain the FERPA disclosure code in effect at the time of a student’s last term of enrollment for former students. Furthermore, the school will honor a request from a former student, not re-enrolled, to add or delete a non-disclosure request.

Rights under FERPA cease upon death. However, it is the policy of the school that no records of deceased students be released for a period of five (5) years after the date of the student’s death, unless specifically authorized by the executor of the deceased’s estate or by next of kin.

If students believe that their FERPA rights have been violated, they may contact the Family Policy Compliance Office at the Department of Education, 400 Maryland Ave. SW, Washington DC 2002-4605. Additional information is available at www.ed.gov/policy/gen/guid/fpco/

Parents Rights under FERPA

At the post-secondary level, parents have no inherent right to access or inspect their son’s or daughter’s educational records, including final grades, grades on exams, and other information about academic progress. This information is protected under FERPA and parents do not have access to it unless the student has provided express, written authorization, or unless the student is a dependent as defined in Section 152 of the Internal Revenue code of 1954.

Students can give express written permission of access to their educational record by completing the FERPA Release Form and remitting it to the school.

In emergency or crisis situations, the school may release non-directory information if the institution determines that the information is necessary to protect the health or safety of the student or other individuals.

General Policy

Under the authority of the Family Educational Rights and Privacy Act of 1974, as amended, students have the right to examine certain files, records, or documents maintained by the school, which pertain to them. The school will permit students to examine such records within forty-five (45) days after submission of a written request, and to obtain copies of such records upon payment of a reproduction fee.

Students may request that the school amend their education records on the grounds that they are inaccurate, misleading, or in violation of their right to privacy. In the event that the school refuses to so amend the records, students may request a hearing. If the outcome of a hearing is unsatisfactory, the student may submit an explanatory statement for inclusion in the education record.

Students have the right to file complaints with the U.S. Department of Education concerning the school’s alleged failure to comply with the Act.

Education Records

Education records are files, records, or documents maintained by the school, which contain information directly related to the students. Examples of education records are student education files, placement files, and financial aid files. The only persons permitted access to such records are those who have legitimate administrative or educational interest.

Exemptions

The following items are exempt from the Act:

b) Confidential letters of recommendation received by the school prior to January 1, 1975. The Act permits students to waive their right of access to letters received after 1974 if the letters are related to admissions, employment, or honors.

c) Records about students made by teachers or administrators which are maintained by and accessible only to teachers or administrators.

d) School security records.

e) Employment records for school employees who are also current or former students.

f) Records compiled or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting or assisting in such capacities, for treatment purposes, which are available only to persons providing the treatment.

Review of Records

The college monitors educational records to insure that they do not contain information that is inaccurate, misleading, or otherwise inappropriate. WTC may destroy records that are no longer useful or pertinent to the students’ circumstance.
VETERAN AFFAIRS

Western Technical College’s Veterans Affairs Office can help you complete all required forms and submit all documentation for veteran’s educational benefits under chapters 1606, 1607, 30, 31, 33, 35, MyCAA and Tuition Assistance. The Veterans Affairs Office provides on-going services to veterans and their dependents and is responsible for creating and maintaining records used to certify a student’s status for the VA.

VA Office hours are Monday 8:00 a.m. – 5:00 pm, Tuesday 11:00 a.m. - 8:00 pm, Wednesday & Thursday from, 8:00 a.m. - 5:00 p.m. And Friday from 8:00 a.m. – 4:30 p.m. The telephone number is (Plaza Campus) 1-915-760-8113, (Diana Campus) 1-915-760-4940.

All new and returning students who intend to receive VA Educational Benefits while enrolled at Western Technical College need to be aware of the following:

- Be sure you are certified. Registration for WTC classes does not automatically certify you for VA benefits. To be certified, you will need to come by the Veterans Affairs Office and complete the required forms.
- Students are required to submit copies of each transcript from all institutions previously or currently attending, to the Veterans Affairs Office. Students are responsible for requesting transcripts and making sure they are received at the correct office. Transcripts are required by the VA even if you have never received benefits before since VA regulations stipulate that all prior training must be evaluated to receive educational benefits.
- It is your responsibility to promptly report and submit supporting documentation of any changes in your Degree Plan or Preliminary Program of Study, degree objective, course(s) substitution(s), enrollment (part of terms), or address to the Veterans Affairs Office.
- If you receive a non-punitive grade, our office will notify the VA. VA educational benefits will not be paid if you withdraw from a course or for a course that will not be used in computing requirements for graduation. The VA may reduce or terminate your benefits if you can’t show mitigating circumstances.

“Mitigating circumstances” – unanticipated or unavoidable events which interfere with a student’s pursuit of a course. A student may submit evidence to substantiate mitigating circumstances; however, the VA will determine eligibility for resumption of benefit payments.

“Non-punitive grades”:
- A “W” grade for withdrawing from a course.
- An “I” grade for an incomplete course, which is not made up during the time period required by the school.

You must maintain satisfactory attendance and progress toward completion of your educational objective. If you do not meet the school standards, our office will notify the Veterans Administration Office. Upon receipt of the notice, VA will terminate your benefits.

Be aware that VA regulations are subject to change without notice. For current information, check with the WTC Veterans Affairs Office or you may contact the Department of Veterans Affairs (VA), Muskogee, OK at 1-888-442-4551.

Our Financial Aid Office is open during normal business hours at both campuses, including evenings (Monday through Thursday). We encourage students to stop by any time they have questions or concerns about financial aid or any aspect of college financing.

Western Technical College participates in Federal Title IV Student Aid programs authorized under Title IV of the Higher Education Act of 1965 (as amended), and is approved for the training of veterans and other eligible persons in accordance with the provisions of Section 3675, Title 38, U.S. code. Financial assistance is made available to qualified students according to the rules of each individual student aid program.

The WTC website contains detailed information about the types and amounts of student aid available, application procedures, eligibility rules, and the rights and responsibilities of students receiving aid at www.westerntech.edu.

The following are brief descriptions of the aid programs in which Western Technical College participates. More detailed information is available on the College’s website at www.westerntech.edu.

FEDERAL STUDENT AID

Federal Pell Grant
Federal Pell is a grant that does not need to be repaid. Eligible students who have not received a Bachelor's Degree may receive this grant based upon their Expected Family Contribution (EFC) as determined through the FAFSA application process.

Federal Supplemental Education Opportunity Grant (SEOG)
Pell-eligible students (see above) may also be eligible for an additional grant under this program. SEOG awards are limited to those eligible students with the lowest EFC’s (generally zero EFC’s only).

Federal Work Study Program
This program enables students who demonstrate financial need to earn a portion of their education expenses. Students earn at least the current hourly minimum wage by working at the College, non-profit organizations or other community employers.

Federal Stafford Loan Program
Eligible students at Western Technical College are able to borrow a traditional “student loan” from the Federal Direct Student Loan Program. These loans are called Federal Stafford Loans, and the interest on these loans may be subsidized and/or unsubsidized.

For maximum loan amounts, explanations of the differences between the Subsidized and Unsubsidized Loan Programs, and other important information, please visit the College’s website at: www.westerntech.edu.

Federal PLUS Loan (Parents)
The parents of dependent students at WTC are generally able to borrow a Federal Parent PLUS Loan based upon credit-worthiness. Parents can borrow up to the full cost of education minus any other aid received.
INSTITUTIONAL LOANS

In the event that a student is unable to completely pay for his/her education with Federal Student Aid funds, WTC offers students two options:

1. **In-School Payment Plan** - The WTC Payment Plan allows students to make equal monthly payments across the school year for any remaining balance after other forms of financial assistance are considered.

2. **Long-Term Financing** - WTC also offers an institutional loan (through a third-party servicer) which allows for a maximum term of thirty-six months. Interest rates are determined by credit analysis.

*Western Technical College complies with all applicable state, federal and equal credit opportunity laws; however, WTC does not guarantee financial assistance to any student.*

PERSONAL FINANCING

In the event that a student and/or parent would like to obtain personal financing through their own lender, please consult with the Financial Aid Office to discuss a personalized payment schedule.

SCHOLARSHIPS/AWARDS

Limit on Awards:
Under no circumstances may a student receive benefit of more than two institutionally-funded scholarships/awards simultaneously at WTC. Also, any student awarded both a High School Scholarship and Skills USA Scholarship will receive a tuition reduction equal to the sum of both awards not to exceed maximum tuition reduction of 25%.

GRANTS, LOANS, SCHOLARSHIPS, ETC.
A Grant or a Scholarship is money that is used to help a student pay for school-related expenses. These items are awards that do not need to be re-paid.

A Work-Study award must be earned through work at an hourly wage. Wages earned through this program do not need to be re-paid.

A Loan must be re-paid at a future date through monthly payments. Any loan offered at WTC will be fully explained and will come with written terms and conditions, including terms of repayment. Be sure to read and understand the terms and conditions prior to agreeing to take out any loan.
ACADEMIC PROGRESS FOR FINANCIAL AID ELIGIBILITY
Each financial aid recipient at Western Tech must maintain satisfactory progress toward completion of their academic program to retain eligibility for federal student financial aid.

Payment Periods
The measurement of Academic Progress for Financial Aid shall occur in increments which correspond to the “payment periods” for Federal Title IV Financial Aid. Academic Progress shall be measured at the end of each payment period. A “payment period” is defined as one-half (as measured in both weeks and clock hours (instructional hours)) of the student’s scheduled academic year or the remaining scheduled period of instruction until program completion (whichever is less). If the remaining period of instruction is less than one-half of the standard academic year, (less than 450 clock hours) it shall be considered a single payment period.

Additional “Maximum Timeframe” Standard
Eligibility is also limited to students completing their programs within one and one-half times the normal program length. The maximum timeframe is reached when the student has attempted more than one and one-half times the number of clock hours required to graduate from his/her program. The maximum timeframe standard evaluation for transfer students will consider all credits attempted at Western Tech, or accepted for transfer or proficiency credit. Students who change programs may request that their maximum timeframe be re-calculated based solely on those hours that are applicable to the current program of study. A determination of ineligibility based upon the maximum timeframe standard may be reversed based upon a mitigating circumstance. Please refer to the “Regaining Academic Eligibility” section (below).

GPA and Grading Policy
All issues of grading policy, Grade Point Average (GPA) calculation, attendance, etc. are calculated in accordance with the regular academic policies of Western Tech.

Completed/Attempted Clock Hours
“Attempted Hours” means the number of scheduled clock hours (clock hours) in the program as listed in the Western Tech calendar. “Completed Hours” means the number of “attempted” clock hours a student actually attended.

Transfer Students
Accepted transfer credit shall be considered as completed coursework for purposes of this policy. However, since no grades are assigned to transfer courses, they will not impact the students GPA.
Payment periods for transfer students shall be defined individually based upon the remaining period of instruction.

**Return after an Absence**
A student who returns after a leave of absence, withdrawal, dismissal, or other extended absence of 180 calendar days or less, shall not have the period of absence considered in the calculation of academic progress. In all other aspects, the student’s progress will be evaluated in the same manner as if the absence had not occurred, with the exception of any necessary changes to the start and end dates of planned payment periods. A student, who returns after a withdrawal, dismissal, or other absence of more than 180 days, shall be measured in a manner consistent with a transfer student (see above).

**Financial Aid Warning Status**
Students who fail to meet the standards defined above will be placed on Financial Aid Warning Status for their subsequent payment period. Students in Warning Status remain eligible for federal student aid.

If a student has not returned to “good” academic standing (according to the chart) by the end of the Financial Aid Warning Status payment period, the student will lose eligibility for federal student aid from that point forward. Such dismissal/loss of eligibility may be subject to appeal (see below).

**Data Corrections**
If a student’s academic record is corrected subsequent to the evaluation date, a student may submit a written request to the Director of Financial Aid for re-evaluation of the student’s financial aid eligibility.

**Regaining Academic Eligibility for Financial Aid**
1. Mitigating Circumstances Appeal: A determination of loss of eligibility for federal financial aid may be appealed based on mitigating circumstance(s). A mitigating circumstance is defined as an exceptional or unusual event(s) beyond the student’s direct control, which contributed to or caused the academic difficulty. Examples include: the death of a relative, an injury or illness of the student, or other special circumstances. Appeal letters should be addressed to the Director of Financial Aid and must include a complete description of the circumstances that led to the academic difficulty, how those circumstances have changed, and a plan for future academic success. Copies of supporting documentation should be included. All appeals are reviewed by a committee of academic and administrative staff whose determination is final. A mitigating circumstance appeal may be used to override the Maximum Timeframe Standard.

A student for whom a mitigating circumstance appeal is approved will be placed in Financial Aid Probation Status for one payment period. If the student has not returned to good academic standing (according to the chart) by the end of a probationary payment period, the student will lose eligibility for future financial aid.

2. Regaining Eligibility Other Than Through Appeal: Students who have lost federal financial aid eligibility may potentially regain academic eligibility by one or more of the following methods: 1) be accepted into a different academic program at Western Tech, if the re-evaluated student’s record (based upon the courses applicable to the new program) will be in compliance with all academic standards;
and/or make up the academic deficiencies at Western Tech without benefit of federal financial aid. In each of these circumstances, approval is at the discretion of the School Director.

Return to Good Standing
Once a student has returned to good academic standing, any previous academic difficulty, warning, or probation shall have no future bearing on the student’s status. Hence, such students will have benefit of all provisions of this policy, including a warning payment period.

RETURN OF TITLE IV FUNDS

RETURN TO TITLE IV/ REFUND REPAYMENTS POLICY
This policy applies to all recipients of Federal Title IV Financial Aid Funds. Students that are no longer attending the College may still owe funds to the College to cover unpaid tuition. Additionally, the College may attempt to collect any funds from a student that the College was required to return as a result of this policy.

The College will calculate how much federal aid may be retained or disbursed for a student who withdraws prior to the end of a payment period. The calculated amount is referred to as “Return of Title IV Funds” (R2T4). The calculation of Title IV funds earned by the student has no relationship to the student’s tuition and fees that may be owed to the College. All students subject to this policy will have their eligibility calculated according to the following definitions and procedures, as prescribed by regulation.

Withdrawal Before 60%:
The College must perform a R2T4 to determine the amount of earned aid up through the 60% point in each payment period and use the Department of Education’s prorate schedule to determine the amount of R2T4 funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period.

Withdrawal After 60%:
For a student who withdraws after the 60% point-in-time, there are no unearned funds. However, the College will still calculate eligibility for a post-withdrawal disbursement.

CALCULATING R2T4
Title IV funds are earned in a prorated manner on a per diem clock hours basis up to the 60% point in the payment period. Title IV aid is viewed as 100% earned after that point in time. The College will determine the earned and unearned Title IV aid as of the date the student ceased attendance based on the amount of time the student was scheduled to be in attendance.

In accordance with federal regulations, when Title IV financial aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order: Unsubsidized Direct Loans, Subsidized Direct Loans, Direct PLUS loans followed by Federal Pell Grants. The calculation steps are outlined in the following example:

1. Calculate the percentage of Title IV aid earned by the student. 18 (completed days) = 15.3% (% of completed calendar days within the payment period) 118 (scheduled days).
2. Calculate the dollar amount of Title IV aid earned by the student. 15.3% X $2,805.00 = $429.17 (Amount of aid earned by student).
3. If this amount is greater than the total Title IV aid disbursed for the payment period, a Post-Withdrawal Disbursement will be calculated; if the amount is less than the amount of Title IV aid disbursed, the difference will be returned to the Department of Education.
The College will notify the student in writing of the amount and type of any financial aid funds that must be returned.

**POST-WITHDRAWAL DISBURSEMENT**

If a student earned more aid than was disbursed to him/her, the student may be eligible for a post-withdrawal disbursement. The College will notify the student in writing if he/she is eligible for a post-withdrawal disbursement of Title IV loan funds.

A student or parent borrower must first confirm in writing whether he/she accepts/declines all or some of the loan funds offered as a post-withdrawal disbursement. A post-withdrawal disbursement of Federal grant funds does not require student acceptance or approval. The College will seek the student’s authorization to use a post-withdrawal disbursement for all other educationally-related charges in addition to tuition and fees.

**OVERPAYMENTS**

Any amount of unearned grant funds that a student must return directly is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. Students in this circumstance must make arrangements with the College and/or the U.S. Department of Education to return the unearned grant funds. Failure to do so will result in future ineligibility for Title IV aid.

CAREER SERVICES

GRADUATE EMPLOYMENT ASSISTANCE

The mission of Career Services is to provide quality employment assistance services to both the employer and graduates alike. Career Services offers research, résumé writing, interviewing, and networking skills to students. Career Services also assists in preparing students to meet those employers’ expectations, as well as the employer meeting their needs. The success of our graduates is a reflection of the college’s success. Western Technical College (WTC) places great importance on assisting graduates in starting their careers.

Career Services spends a total of fifteen (15) hours with the students throughout their entire training. The fifteen hours consists of the following:

- Three (3) hours for Orientation, within the first thirty (30) days of their start date
- Four (4) hours for career fairs, presentations, and workshops
- Five (5) hours for EP-101
- Three (3) hours for mock interviews

Before a student graduates he/she must attend the Employment Preparation (EP-101) class. In this class students will be required to submit a resume electronically, and undergo a mock interview with an employer in their field of study. This mock interview may be videotaped and later critiqued with the student. In these special classes, students receive valuable training in successful interviewing techniques, completing applications, writing effective résumés and answering questions most frequently asked by employers. Because of WTCs innovative class scheduling, graduations occur several times per year. This system affords our graduates more individual attention and gives them an advantage over graduates from schools that have only one large graduating class per year that floods the job market.

Western Technical College has maintained an excellent graduate employment record which we are determined to continue. We wish to make it clear that due to the vastly different personalities, characteristics, and backgrounds of each individual graduate, the college does not guarantee employment. We do, however, accept the responsibility of making every reasonable effort to assist each graduate in finding employment in his/her field; however, it may be necessary for graduates to relocate to areas where the greatest career opportunities exist. Graduate employment results are greatly influenced by student’s attendance, overall attitude, academic performance, driving record and background.

EMPLOYER EXPECTATIONS

Western Technical College strives to ensure that every graduate is given every opportunity to interview and secure a job in his/her field of study. Education on what employers expect is crucial to becoming gainfully employed in your field of study. Requirements vary from business to business, and many will require one or more of the items listed below:

1. **Clean Driving Record**: Companies requiring employees to drive company vehicles, pick-up and drop off customers, test drive cars, or automotive service companies, will require a driving record free of DWI’s and moving violations. It is very costly to the company to insure drivers with poor driving records, so most employers bypass hiring high-risk drivers.

2. **A Current Driver's License**: Failure to produce a driver’s license at the time of interview may prevent the graduate from getting hired. Without a license, how will the graduate get to work? An employer has the right to ask.

3. **A Criminal Background Check**: Most Background checks not only reveal misdemeanors and/or felonies in one’s background, but also any pending litigations. The criminal check can go as far back as the employer wants to go. Failure to report any criminal conviction may result in termination and further hinder the graduate’s ability to find other work.
4. **Drug Testing:** More than 90% of the employers are requiring drug testing for the use of illegal drugs. The most common is urinalysis testing. Drug and/or alcohol use, impairs memory, alertness and achievement. Their use erodes the capacity to perform, think and act responsibly.

5. **Credit Checks:** All employees that handle government contracts or the government entities themselves, (i.e. FBI, CIA, Border Patrol, etc), will require government security clearances. In order to qualify for a government security clearance, the applicant will need to have a good credit rating score. Applicants that have claimed bankruptcy or have had to undergo credit counseling will find that this will prevent them from being considered for employment. Applicants that possess a poor credit score rating are considered “high-risk” and may not be trusted to handle and maintain security information.

6. **PROGRAM ADVISORY COMMITTEE**

   Every program taught at WTC has a Program Advisory Committee (PAC). The members of the Committee are employers who hire WTC graduates and who are leaders in their technical fields. All Programs Advisory Committees meet twice a year.

   The Advisory Committees are designed to help keep WTC curricula up-to-date with ever-changing procedures and equipment improvements in the technical industry. By keeping in touch with and seeking the advice of those companies that employ WTC graduates, the college is able to better train its students to successfully compete in today’s global economy.

**GRADUATE WARRANTY**

Western Technical College students receive high-tech quality training from highly skilled and experienced instructors, with modern equipment in spacious classrooms, labs and shops. Emphasizing “hands-on” competency based training, the employer can be confident that WTC graduates are capable of performing entry level skills in the workplace. Many local and regional employers of WTC graduates can satisfactorily attest to the quality training we provide.

Any employer hiring a WTC graduate in the field for which they were trained who determines that the graduate possesses less than ENTRY-LEVEL competence within the college’s list of identified skills may contact WTC in writing. WTC will then provide the necessary remedial training at no additional tuition. Books, insurance, uniforms or other course related charges are the responsibility of the student. WTC will require the employer to certify in writing, on official company stationery, that the graduate is lacking entry-level skills identified by the college as warranted competencies within 90 days of the graduate’s date of hire with his/her initial employer only. If the student has commenced employment prior to graduation and remains with the same employer thereafter, then the certification of warranted-skill incompetence must be received within 90 days of the graduation date.

The warranty does not imply that the graduate is capable of successfully passing any industry licensing or certification examination. Also, the graduate’s employment must have commenced within six months from the graduation date for the warranty to be effective. Activation of this Graduate Warranty program is initiated upon timely receipt of the required letter sent to the campus Director.

The student will be required to demonstrate an entry-level degree of proficiency in each competency which has been warranted during the course he/she is taught. An inability to achieve the required level of competency in the warranted skills will prevent the student from being able to advance to the next course.

Western Technical College is committed to providing quality training in a caring, professional way that will prepare a student or upgrade an experienced worker to succeed in the modern, high-tech workplace.
GRADUATE EMPLOYMENT SEVERANCE

Employment assistance is an ongoing service available to all graduates in satisfactory standing. To protect the college’s reputation as well as the employment opportunities of future graduates, a graduate is considered to be in unsatisfactory standing and may forfeit their graduate employment assistance privilege if they:

1. Have failed or refused to take an employee physical relative to drug or substance testing.
2. Have defaulted on a student loan.
3. Are not current in their financial obligations to the college.
4. Have been discharged from a job for misconduct such as stealing, substance abuse, sexual harassment, etc.
5. Are in violation of any of the items listed under Employer Expectations.

CAREER SERVICES ORIENTATION

Career Services works with the students by conducting a three (3) hour orientation, within the first thirty (30) days of their start date. The students are given the following forms and information.

- **Fact Sheet** - The fact sheet is filled out by the students with general information such as their name, phone number, address, e-mail address, social security number, program, start date and grad date. The fact sheet asks the student a series of questions regarding their goals, obstacles that could keep them from finishing school, their current employment information and skills that they possess. Career Services keeps this information on file and assists in getting to acquaint ourselves with the student.

- **What is Career Services** - This form provides the students the general information on how the Career Services Department assists the student while they are attending school. We advise the students that we cannot assist them with any job opportunities until they have met the thirty (30) day grace period. Once they qualify, most of the job opportunities will be out of their field of study. The students are informed that there are three (3) important steps that Career Services mandates in order to graduate and they are:
  1. Attend an Employment Preparation (EP-101) class two months prior to their graduation which includes formatting a résumé, the interview process, information on dress for success, and strengthening non-verbal and verbal communication skills.
  2. Undergo a mock interview with an employer from their field of study, and/or videotaped, wherein the student will receive a grade in EP-101 to qualify for graduation.
  3. Submit a résumé.

We explain to the students that the employer does not necessarily have to be hiring and that the intent of this process is to assist the students in answering technical and behavioral questions and overall performance. The students are provided average starting wages in their field of study and time lines when to start their job search. Career Services advises the students that they have ongoing placement privileges, along with the reasons, on how placement privileges can be revoked. Students are advised that they can utilize the Career Services Center for making any and all long distance calls (pertaining to employment), faxing résumés to employers, assessing the Internet for job searches, online applications, and on creating and/or revising/devising a résumé. Career Services explains to the student why not all graduates go to work in their field of study, the importance of a good driving record, clean backgrounds and maintaining a driver’s license. We also cover the success of WTC graduates. The students are provided information on the type of certifications available in their field of study and are advised that certifications are crucial to achieving employment and also in making more money. We also inform students that WTC is a test site for the majority of the certifications offered in their field of study.

- **Logic Quiz** - The logic quiz is a list of questions pertaining to employment. Covered in this quiz are types of IRS forms, strengths, weaknesses, hobbies, and salaries, to name a few.
• **Applications** - A generic application is given to the students which they must fill out in class. CSD will make corrections to the applications and return them to the students for future reference.

*This policy is subject to change and length of service is determined by the Career Services Department.*

**GRADUATION REQUIREMENTS**

In order to graduate from Western Technical College, all students must have a high school diploma, or GED, and must obtain an overall 2.0 cumulative GPA, meet attendance and other college requirements, and pass all required courses, including Employment Preparation (EP101) and Externship.

Students seeking an Associate of Occupational Studies Degree or Associate of Applied Science degree must earn at least fifty percent (50%) of the semester credit units of the degree program at Western Technical College.

The college reserves the right to withhold official transcripts to a student until all financial obligations to the college have been fulfilled or satisfactory arrangements have been made. They must also attend and complete a financial aid exit interview.

The student will be required to demonstrate an entry-level degree of proficiency in each competency, which has been warranted during the course it is taught. An inability to achieve the required level of competency in the warranted skills will prevent the student from being able to graduate from Western Technical College.

In addition, all graduating students must attend a final clearance orientation as instructed by their internship/externship coordinator and complete a final clearance sheet before graduating. Students who fail to attend the graduation orientation must reschedule the orientation with the Administrative Officer in order to be processed for graduation. Students will be allowed to pick up their degree/certificate of completion within approximately 4 weeks after their final completion date from the Registrar.

*Medical/Clinical Assistant, Health Information Technology, Information Systems and Security, Electronics Engineering Technology students only:*

Students graduating from these programs are required to achieve two (2) relative industry certifications of their choice prior to the completion of the scheduled graduation date.

**GRADUATION CEREMONIES**

Western Technical College graduation ceremonies represent the culmination of a student’s academic achievement. It is a time of celebration and reflection for students, families, friends, faculty and staff.

In addition to celebrating each student’s accomplishments, graduates with exemplary academics and/or attendance are recognized during the ceremony. Graduates who achieved a CGPA of 4.0 are provided a gold stole; graduates with an overall program attendance of 98% or above are provided a red cord. Graduates meeting both criteria will be provided a gold and red cord to wear throughout the commencement ceremony.

Western Technical College commencement ceremonies are held twice a year, once in the summer and again during the winter and are conducted in the Don Haskins center located at the University of Texas at El Paso. All family members and friends are invited and welcome to attend to help celebrate the achievements of the graduates.

In order to ensure that all graduates are prepared and have all necessary requirements completed prior to graduation, each student will receive a graduation packet one (1) month prior to the commencement ceremonies.

In this packet, students will receive:

- A congratulatory letter detailing the events for the day of graduation (time, date)
The commencement ceremony is a special celebration and at this time your degree/certification will be officially conferred upon you.

CERTIFICATES / DIPLOMAS

Certificate
A certificate indicates satisfactory completion of a Diploma Program covering the fundamentals of a particular subject(s).

Associate of Occupational Studies Degree/ Tech Prep AOS Degree/ Associate of Applied Science Degree

A diploma indicates the satisfactory completion of a comprehensive study of a particular subject(s). This degree is of limited transferability since it is not designed as being automatically transferable to a college or university. Its outcome is, as it says, “Occupational” or “Applied,” and is designed to prepare a person for entry-level employment in a particular occupation. It may also be an appropriate qualification for future advancement or promotion within a company.
CANCELLATION & REFUNDS POLICY

CANCELLATION POLICY
A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays and legal holidays) after the enrollment contract is signed and a tour of the facilities and inspection of the equipment is made by the prospective student.

REFUND POLICY
1. Refund computations will be based on scheduled clock hours of class attendance through the last date of attendance. Leaves of absence, suspensions, and school holidays will not be counted as part of the scheduled class attendance.
2. The effective date of termination for refund purposes will be the earliest of the following:
   a) The last day of attendance, if the student is terminated by the school;
   b) The date of receipt of written notice from the student; or
   c) Ten school days following the last date of attendance.
3. If tuition and fees are collected in advance of entrance, and if after expiration of the 72 hour cancellation privilege the student does not enter school, not more than $100 in nonrefundable administrative fees shall be retained by the school for the entire residence program or synchronous distance education course.
4. Students who decide to leave their program within the first 14 school days of starting their program will be entitled to a full tuition refund, less administrative fees not to exceed $100, and will be eligible for a full refund of books, tools, and supplies (including uniforms) if returned to WTC in good condition.
5. If a student enters a residence or synchronous distance education program and withdraws or is otherwise terminated, the school or college may retain not more than $100 in nonrefundable administrative fees for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if the student has completed 75 percent or more of the total number of hours in the portion of the program for which the student has been charged on the effective date of termination.
6. Refunds for books, tools, or other supplies should be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books and tools until such time as these materials are required. Once these materials are purchased, no refund will be made.
7. A student who withdraws for a reason unrelated to the student’s academic status after the 75 percent completion mark and requests a grade at the time of withdrawal shall be given a grade of “incomplete” and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew without payment of additional tuition for that portion of the course or program.
8. A full refund of all tuition and fees is due and refundable in each of the following cases:
a) An enrollee is not accepted by the school;
b) If the course of instruction is discontinued by the school and this prevents the student from completing the course; or
c) If the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or representations by the owner or representatives of the school.

A full or partial refund may also be due in other circumstances of program deficiencies or violations of requirements for career schools and colleges.

9. REFUND POLICY FOR STUDENTS CALLED TO ACTIVE MILITARY SERVICE.

A student of the school or college who withdraws from the school or college as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:

a) If tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal;

b) A grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or

c) The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the student has:
   1. Satisfactorily completed at least 90 percent of the required coursework for the program; and
   2. Demonstrated sufficient mastery of the program material to receive credit for completing the program.

10. The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s), within 60 days after the effective date of termination.

VOTER REGISTRATION

Students are encouraged to register and vote in state and federal elections. Voter Registration and Election Date information for the State of Texas can be found at: www.sos.state.tx.us.

The Elections Division of the Secretary of State’s Office is open from 8:00 a.m. until 5:00 p.m. weekdays. The Elections Division is also open during the hours that the polls are open on all uniform election dates (2nd Saturday in May and 1st Tuesday after the 1st Monday in November), on the primary and primary runoff election dates (1st Tuesday in March of even-numbered years and 2nd Tuesday in April following the primary), and the dates on which special statewide and federal elections may be ordered. Answers to questions on election law and procedures may be obtained by telephoning the Elections Division toll-free at 1.800.252.VOTE (8683) or direct at 512.463.5650.

To be eligible to register to vote in Texas, a person must be:
- A United States citizen
- A resident of the Texas County in which application for registration is made
- At least 18 years old on Election Day
- Not finally convicted of a felony, or, if so convicted must have (1) fully discharged the sentence, including any term of incarceration, parole, or supervision, or completed a period of probation ordered by any court; or (2) been pardoned or otherwise released from the resulting disability to vote; and
- Not determined by a final judgment of a court exercising probate jurisdiction to be (1) totally mentally incapacitated; or (2) partially mentally incapacitated without the right to vote

Registering to vote is easy in Texas. It doesn’t even require a stamp! Official applications to register to vote are postage-paid by the State of Texas. In most Texas counties, the County Tax Assessor-Collector is also the County Voter Registrar. In some counties, the County Clerk or County Elections Administrator registers voters. You may obtain an application from the school, the Secretary of State’s Office, libraries, many post offices, or high schools. Or, you may download an informal application, but you will be required to affix a stamp before mailing. You may also register to vote when you apply for or renew your driver’s license.

The application must be received in the County Voter Registrar’s office or postmarked 30 days before an election in order for you to be eligible to vote in that election. You will receive a voter registration certificate in the mail after the County Voter Registrar has processed your voter registration application. Upon receipt of the voter registration certificate, sign it, fold it and keep it in your wallet and take it to the polls with you when you vote.

All voters who registered to vote in Texas must provide a Texas driver’s license number or personal identification number issued by the Texas Department of Public Safety or the last four digits of your social security number. If you have not been issued any of these numbers, then you must state that fact on the application by checking the designated box.

A voter who has not been issued a driver’s license or social security number may register to vote, but such voter must submit proof of identification when presenting himself/herself for voting or with his/her mail-in ballots, if voting by mail. These voters’ names are flagged on the official voter registration list with the annotation of “ID.” The “ID” notation instructs the poll worker to request a proper form of identification from these voters when they present themselves for voting. Acceptable identification includes:
- A driver’s license or personal identification card issued to the person by the Department of Public Safety or a similar document issued to the person by an agency of another state, regardless of whether the license or card has expired
- A form of identification containing the person’s photograph that establishes the person’s identity
• A birth certificate or other document confirming birth that is admissible in a court of law and establishes the person’s identity
• United States citizenship papers issued to the person
• A United States passport issued to the person
• Official mail addressed to the person by name from a governmental entity
• A copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter; or
• Any other form of identification prescribed by the Secretary of State

VOTER REGISTRATION CERTIFICATE

• Once you apply, a voter registration certificate (proof of registration) will be mailed to you within 30 days
• Check your certificate to be sure all information is correct (If there is a mistake, make corrections and return it to the voter registrar immediately)
• When you go to the polls to vote, present your certificate as proof of registration
• You may vote without your certificate by signing an affidavit at the polling place and showing some other form of identification (for example, driver’s license, birth certificate, copy of electric bill)
• If you lose your certificate, notify your County Voter Registrar in writing to receive a new one
• You will automatically receive a new certificate every two years, if you haven’t moved from the address at which you are registered

If you move within the same county simply go to the Secretary of State’s web site and change your address online or promptly notify the County Voter Registrar, in writing, of your new address by:
• Correcting your current voter registration certificate on the back and returning it to the County Voter Registrar
• Filling out a new voter registration application form and checking the “change” box; or
• Making simultaneous changes to your driver’s license and voter registration when you apply for or update your driver’s license

You will receive a new certificate with your new address. You will be able to vote in your new precinct 30 days after your change of address is submitted. If you miss the deadline (30 days before an election), you may vote in your former precinct as long as you still reside in the political subdivision conducting the election.

Your residence is located in a specific “precinct,” which is an area within the county. There are many precincts within a county. The place where you will vote on Election Day is located in your precinct. There may be combined precincts in order to accommodate joint local elections; therefore, in some elections you may vote outside your designated precinct. The County Clerk or County Elections Administrator can give you the specific location of your polling place, or you can check on-line to see if the County Clerk or Elections Administrator has that information posted. The Secretary of State’s Office may also provide polling place information at the “Where do I vote” link on its webpage prior to the primary, primary runoff and November uniform election date elections.

If you move to another county you must re-register! Fill out a new application and mail it, or take it in person, to the Voter Registrar of your new county. You may not register online if you move from one county to another. You will be registered 30 days after your application is submitted. You will receive a new certificate.
After changing residence to another county, a person may be eligible to vote a “limited” ballot in his/her new county of residence on candidates or issues common to the old and new counties. A “limited” ballot may be voted only during early voting by personal appearance or by mail (not on Election Day) if:

- The person would have been eligible to vote in the county of former residence on Election Day if still residing in that county;
- The person is registered to vote in the county of former residence at the time the person offers to vote in the county of new residence; and
- A voter registration for the person in the county of new residence is not effective on or before Election Day.

Promptly notify the County Voter Registrar, in writing, of the name change using the same steps as for IF YOU MOVE WITHIN THE COUNTY. You will receive a new certificate 30 days after your name change notice is submitted. You may continue to vote during this period. If you do not have your certificate in hand, you may sign an affidavit at the polls and present a form of identification.
